## About Us

### WELCOME TO AL HARSOOSY TRADING & CONTRACTING COMPANY [AHTC]

AHTC is a Fully owned by Omani national [LCC] operating since 1996 in the Sultanate of Oman and service provider of maintenance & constructions in the oil and gas industry from upstream to end-user downstream in order to follow services in the external construction industry.

We are proud to be an ISO 9001:2015, ISO 45001:2018 & ISO/IEC 17025:2017 accredited and JSRS approved organization with expertise in undertaking Construction services for the Oil and Gas, Petrochemical, Fertilizer, Power sectors and Infrastructure developments. We ensure that our Projects are executed on time in the safest possible manor and to the highest quality and safety standards.

We deliver results you can rely on to enhance

productivity, optimize operations, and minimize risk through our engineering, manufacturing, services, and distribution capabilities.

Over the years we have developed extremely good relationships with the various operators and have in place an HSE and QA system which is approved and acceptable to MEDCO/OQ/ PDO/ OXY and other Oil and Gas majors. We understand the needs of the service industry and are geared up to provide the necessary resources to operate effectively, efficiently and provide a Safe and Quality Services to Our customers. good relationships with the various operators and have in place an HSE and QA system which is approved and acceptable to MEDCO/OQ/PDO /OXY and other Oil and Gas majors. We understand the needs of the service industry and are geared up to provide the necessary resources to operate effectively, efficiently and provide a Safe and Quality Services to Our customers.

### Over View

- An established International Contractor executing works for Oil & Gas, Petrochemical, Fertilizer, Power Sector, and other infrastructure development services. AHTC also provides project management services and software to track and manage for various civil, mechanical & electrical activities.
- Specialists in mobilizing highly skilled / trained, professional and safety conscious teams to undertake Projects.
- Management team with many years of extensive industry experience in Business development, Procurement and Execution in the GCC.
- Approved with major EPC Contractors as well as National and International Oil Companies as a Contracting Company.
- A company built on reputation, commitment, and high standards.

# Our Vision

## STRATEGY

Our vision is to be a Company providing best in class services in Engineering, Procurement, Construction and Project Management for Customers who value timely, professionally executed Projects that are delivered to the highest quality and safety standards.

Augmenting our values is our strategy, which is geared towards fulfilling our ambitions. Diligently applied, it generates focused and sustainable expansion in our skills and services. With a drive to deliver excellence, we leverage the

commitment of our highly-capable team, the effectiveness of our robust resources, the foresight of our experienced management, and the solidity of our reputation. Combined with our proven track record, it makes us the contractor and partner of choice.

## Our Mission

To maximize Country's value by developing and operating Oil & Gas facilities to international standards through innovation, efficiency, and development of local talent.

## Core Values

What guides our actions, and enable us to excel, are our values:

### Responsive

We direct our actions to align with the interests and expectations of our clients and partners. We are proud of our relationships with them, and the trust we have earned. Our approach is always positive and prepared to surmount challenges.

### Professional

We are driven to deliver the best service and the best quality, on-time and within budget. Our integrity, credibility and dependability are never compromised on.

### Innovative

A central tenet of ours is to use initiative, and go beyond the conventional, in order to add more value.

## Quality

We strive to deliver the highest quality of services to our clients. Our customers depend on us to the job right the first time and it is our duty to ensure that their trust is warranted.

### Safe

Our core belief is to always operate with the highest regard for the safety of our clients, employees, stakeholders, and the communities we interact with.

### Ethical

We always seek the highest standards of conduct in our actions with our clients, employees, stakeholders, and the communities we operate in.

- ✓ **QUALITY**
- ✓ **HEALTH**
- ✓ **SAFETY**
- ✓ **ENVIRONMENT**

## *Qhse*

We firmly believe in the importance and necessity of Quality, Health, Safety and Environment best practices as essential to our success.

QHSE principles are instilled and actively promoted throughout all aspects of our operations, including our subcontractors.

Furthermore, we operate a formal Integrated Management System, and have achieved millions of man-hours accident and incident free.

AHTC management, in support of maintaining Health and Safety of Employees, Contractors and Communities, and in line with Royal Oman Police Regulations, shall ensure strict disciplinary action including termination of employment for the following cases:

- Smoking inside the camp area, Porta cabins, equipment, and operating areas.
- Employees failing to inform company of any personal use of medication or pre-scribed drugs that have potentially impairing side effects on work activity.
- Use, possession, distribution, purchase or sale of any illegal drugs or other con-trolled substances by any person while on company premises, engaged in company business or while operating company equipment.
- Use or being under the influence of any illegal drug or other controlled substance or alcohol which causes or contributes to unacceptable job performance or unusual job behavior while on company premises engaged in company business or while operating company equipment.
- Use possession, transportation, or sale of explosives, unauthorized flammable materials, firearms, or other weapons while on company premises, engaged in company business or while operating company equipment.

Management as appropriate may arrange for rehabilitation assistance in the form of counseling, program, or professional treatment.

## *Health, Environment & Safety Policy*

It is the Policy of AHTC that its operations are always executed in such a manner as to ensure the Health, Safety and Welfare of all its employees and all persons affected by its operations including Company, Sub-Contractors, and the General Public. AHTC is also committed to all aspects of environmental conservation.

AHTC shall strive to maintain high safety standards through the promotion of incident prevention using safety Training, encouraging interest and awareness in safety and by developing personal responsibility for health and safety in the workplace. AHTC accepts that Safety responsibility rests with the line management and that all levels of staff share this responsibility.

AHTC also recognizes that Health, Safety and the Protection of the Environment are an integral part of its operations, and that they are held in equal importance to other business objectives.

AHTC shall ensure the maintenance and safe operation of all plant and equipment. AHTC shall comply fully with all laws and statues of the Sultanate of Oman and specific contract requirements regarding HSE

## ***Evolve & Innovate***

As a growing business it is important that we evolve, diversify, and broaden our horizons and experiences through innovative thinking, embracing technology, and new processes that can enhance our service offering.

## ***People***

We actively encourage career development throughout all facets of our business. Our people are the key to our success today and tomorrow and their development and welfare is important to us.

## ***Relationships***

We build long-term, mutually beneficial relationships with our customers, partners, subcontractors, suppliers, and colleagues that center around trust, respect, and teamwork to achieve our collective goals.

## ***Clients & Affiliations***

Over the years, we have delivered value to and earned the trust of our clients, such as:

- Petroleum Development Oman (PDO)
- OQ
- MEDCO Energy.
- Petrofac
- Daleel Petroleum
- Occidental Petroleum Oman
- Galfar Engineering & Contracting SOAG.
- Arabian Industries LLC.
- Special Technical Services.
- Al Tasnim Group.
- Al Baraka Petroleum Services.
- Petrogas Rima.
- ARA Petroleum.
- Rima Water Treatment Project.
- Tethys Oil.

In addition, we are registered with, and members of the bodies relevant to our operations, such as:

- Tender Board (Excellent Grade)
- Oman Society for Petroleum Services (OPAL)
- Joint Supplier Registration System (JSRS)
- Tarweed [OQ]
- Occidental Petroleum.

## Major Clients

## Our Services

*We provide the following services in the industry.*

### **CIVIL, MECHANICAL AND SUPPLY OF MANPOWER & EQUIPMENT'S**

The AHTC team of engineers and skilled workforce are well experienced in undertaking total site execution activities for major EPC Projects within defined schedules whilst adhering to the highest possible quality and safety standard.

## Civil

Civil contracting is our core activity and is the mainstay of our identity. Our expertise and capabilities include the following:

- **Oil & Gas Service:**

Pipeline earthwork, well pad construction, Construction and erection of Cast In situ & Precast concrete structures, Fencing work, Sleeper Installation, Re- sheeting and new access road construction, Construction and maintenance of control & station buildings, etc

- **Water & Wastewater Infrastructure:**

We execute a broad range of projects, such as water and sewage networks, pumping stations, sewage treatment plants, as well as reservoirs and tanks (ground and elevated).

- **Buildings & Structures:**

Our portfolio is vast, and we have delivered projects of various sizes and complexities. These include schools and universities, medical centers and hospitals, commercial and residential developments, and iconic structures.

- **Earthwork:**

In addition to serving our civil construction operations, this division also independently carries out various earthwork projects.

By making use of our highly skilled manpower, modern machinery, and dynamic approach, we ensure delivery of superior services.

These encompass earth moving, excavations, road grading, rock and mountain cutting, land development, and enabling works.

- **General Civil Works:**

We also have a track record of executing diverse and specialized civil works, such as flood protection systems, boundary walls, infrastructure development, seawalls, and diversion systems.

## • Laboratory Services:

AHTC has its own Opal Standard and ISO Certified [ISO/IEC 17025:2017] approved Civil Engineering Laboratory based at Nimr & Haima.

We are providing services to various Companies in Oil & Gas Sector and non-sectors. We are conducting the following services in our labs.

Moisture content, Sieve Analysis, Specific gravity of soil, Atterberg limits, MDD, CBR, Los angles abrasion test, Concrete Compressive strength Test, Field In-situ density Tests etc.

## ***Mechanical***

We provide the following Mechanical Services, par together our highly skilled resources.

- Flowline Construction & Maintenance.
- Hook up & unhook up activities.
- Pipeline Construction & Erection.
- Pipe Rack Construction.
- Structural Fabrication & Erection

## ***Hiring of Manpower & Equipment***

We are providing supply services of Skilled & Unskilled Manpower, Vehicles, and equipment's as specified standard of PDO, OQ, OXY and other authorities.

## ***Logistics Management***

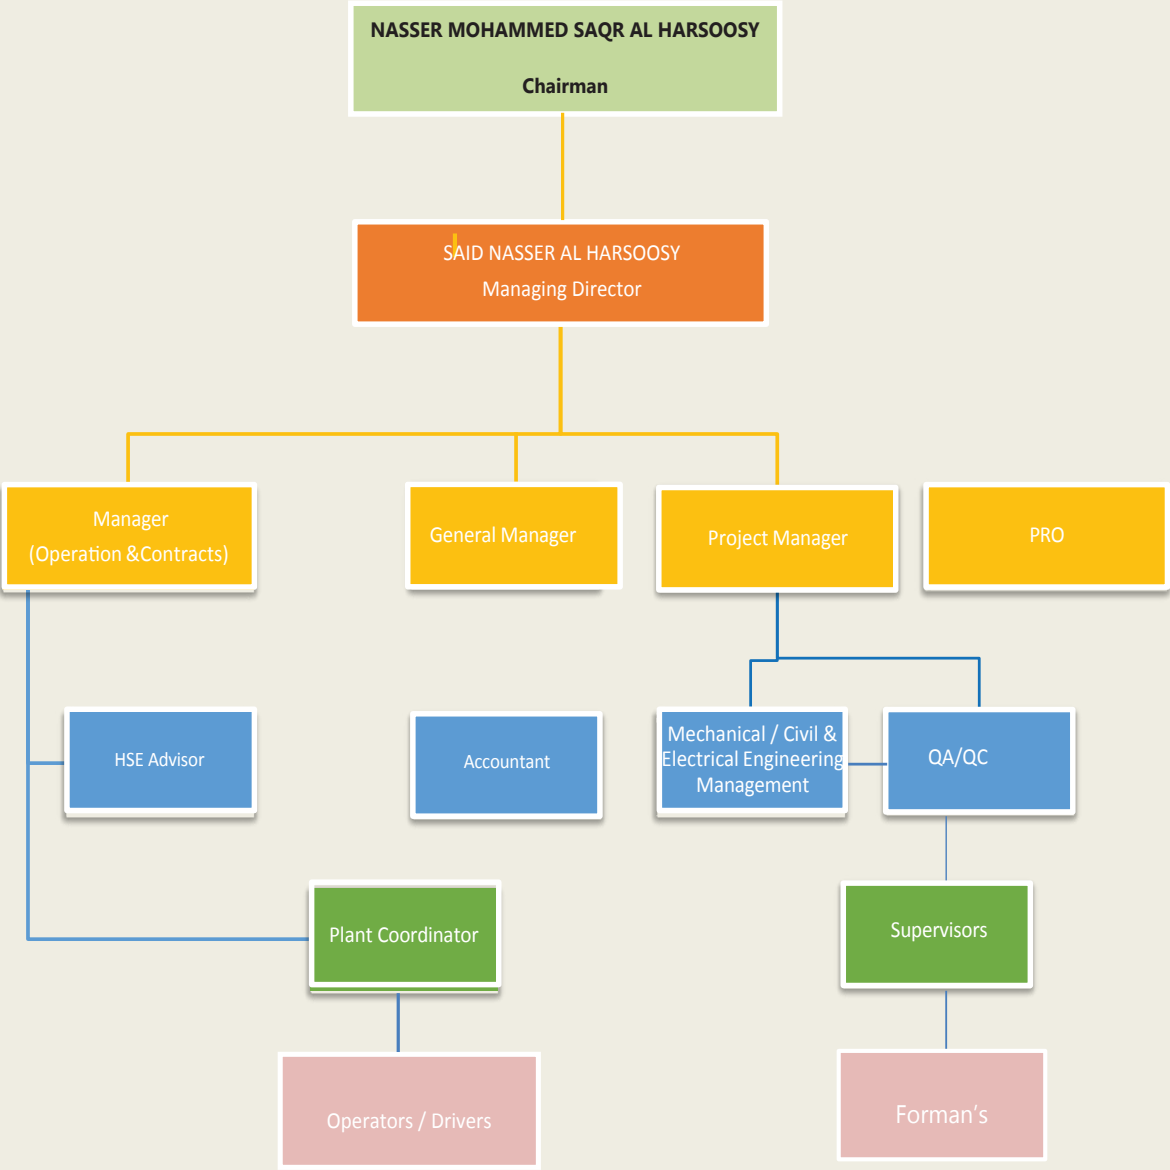

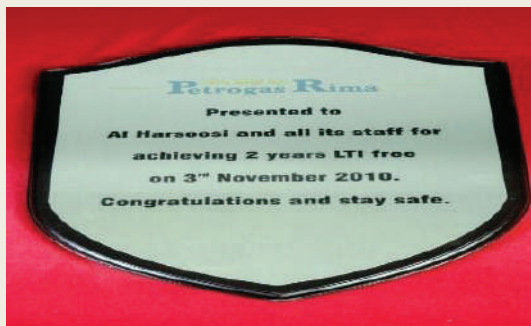

During the past years DST has developed a successful business division providing management services to our Oil & Gas customers. This has grown out of our traditional third-party logistics activities and makes use of our knowledge of the local market as well as drawing on our existing resources across the Sultanate. Here we offer a cost- effective solution by providing teams of highly skilled and experienced experts to provide a specific set of services or a bespoke function that can be easily slotted into a wider operation.

## ***Our Strength***

- Highly qualified, proficient, and talented Management, Engineering & Supervisory team.
- Trained and well experienced Skilled, Semiskilled and Unskilled multitask work force like. Qualified welders [Tig, Arc, Dolly mix, DSS] Grinders, Fabricator's Steel Fixer's, Mason's, Carpenter's, Rigger's/ Banksmen, Helper's, Tile fixer's, Electrician's, Plumber's, Jackhammer Operators, LDD & HDD.
- **Plant & Equipment's:**  
Dozers, Wheel loaders, Excavators, Backhoe Loaders, Rollers, Graders, Compactors, 21 Mt Bucket Truck, 25 T & 50 T Crane, Tippers (18 M³, 36 M³ & 45 M³), Trailers, Hiab 10 T, Canters, Pick Up's, Air Compressor with Jack hammer Unit Etc.
